

“A Guiding Light”

*On His Majesty’s Eightieth Birthday,
May Lord Buddha hear our prayer,
Bless the King with great care.*

*You will always be our dearest respected Father,
Who has protected us for so long,
For your glory we will happily sing your song.*

*We will perform all kinds of excellent deeds,
As symbols of our endless love for thee,
To worship you, King Bhumipol, the Great indeed.*
